Hi Marilyn,

Attached are two emails sent to EOPS regarding the drug lab. The first is just a list of staff with their annualized salaries. The second includes some expense info, staff names, titles, seniority dates, and educational background, as well as an org chart.

Dookhan is listed as having a Masters on this spreadsheet and that info came from the Drug Lab in November. I did talk to Monica and Dookhan is not to be put on the final transfer list to the MSP. I will f/u with Linda tomorrow about an appropriate transfer if that's the ultimate resolution.

The link for the outside section in the FY13 proposed budget is below. Paragraph J addresses the staff transfers. Section 39B may be helpful in addressing IT concerns.

Just FYI, UMass Medical School is mentioned in the legislation b/c they run a drug lab on behalf of Worcester County. The Worcester DA funds this lab from part of their state appropriation and they only test samples from local police departments in Worcester County.

Please let me know if you have any questions or need additional information.

Grace
